Subject: Microsoft Settlement

To Whom It May Concern:

I am writing to voice my opposition to the proposed settlement in Microsoft's anti-trust case. As a technology worker who uses Microsoft software daily, I am exposed to the lack of choice and increased costs their monopoly has created. The proposed penalty contains enough vague language (e.g. defining middleware) that it does little to prevent them from exploiting their monopoly even further in the future.

Thank you for your time.
